YIPPEE

Really GREAT news to start the bank holiday weekend!

Lucky flipper who we rescued with British Divers Marine Life Rescue Cornish Seal Sanctuary (OFFICIAL) Chris Howell Phil Knight on 03/08/17 was re-sighted for the first time back in the wild since his rescue exactly 20 days later at a location close to his rescue site.

Incredibly he looks to have nearly healed 😊

His photo I confirmation is shown below.

Really chuffed that our team effort has been so successful.

His rescue story is pinned to the top of our facebook page!
